Things to know before visiting Singapore

History

Singapore began life as a small fishing village. It became an important trading port in the 19th century. Singapore gained independence in 1965, and has since become a prosperous, modern city-state known for its economic success and cultural diversity.

Culture

Singapore is a vibrant, multicultural city-state that has a rich and diverse culture. It offers a unique blend of traditional Asian values and modern Western ideals.

Currency

The official currency in Singapore is the Singapore Dollar (SGD). Most transactions can be conducted via debit/credit cards, mobile payments and other cashless methods. Cash is still accepted for small purchases in many places like hawker centres and food courts.

- Tipping is not mandatory in Singapore. An 8% GST and a 10% service charge are typically tagged onto the bill at most restaurants or cafés - however, it's always a way to show appreciation for good service.

- Sudden rain showers are common in Singapore; do remember to pack a small umbrella!

The law

Singapore has strict laws against littering, the sale of chewing gum, and smoking in public areas. Please note that smoking is not allowed in most indoor locations and at certain open public spaces such as at the Orchard Road No Smoking Zone.
